**Write down your Yahoo ID and password here**:
User ID: _____
Password: _____

Here is the bottom part of the form. You will have to enter in the word you see on the screen. It is case sensitive!

Enter the word as it is shown in the box below. [   ]

bare

Word Verification
This step helps Yahoo! prevent automated registrations.

If you can not see this image click here.

By submitting your registration information, you indicate that you agree to the GeoCities Terms of Service and have read and understand the Yahoo! Privacy Policy. Your submission of this form will constitute your consent to the collection and use of this information and the transfer of this information to the United States or other countries for processing and storage by Yahoo! and its affiliates. You also agree to receive required administrative and legal notices such as this electronically.

[Submit This Form]

Once you have confirmed a successful sign up, log in with your new ID and password.

You will be taken to a page that looks like this. (Take note that your Web address will be www.geocities.com then your user ID.)

Click on the link for the File Manager that is on the right top of the screen under Advanced Toolbox. You will be taken to another page that looks like this.

File Manager

Maintain and modify files and subdirectories with this versatile tool. Access the Advanced Editor to edit and create HTML files.

⦿ Show: ☑ html ☑ gif ☑ jpg ☑ other
List files which begin with: [Any ⬍]
◯ Manually enter filenames

[**Open File Manager**]

Click the link to open the File Manager. Here is what you will see now.

Yahoo! GeoCities   **Special Offer!** - Upgrade to GeoCities Pro and we'll **WAIVE** the setup fee!

Home > **File Manager**

Your site: **http://www.geocities.com/sherigerman**   Edit using: [HTML Editor ⬍]

[New] [Edit] [Copy] [Rename] [Delete] checked files   [Upload Files]

		Name		Last Modified (GMT)		Size (KB)
☐	✎	index.htm	View	Dec 07 10:27pm	Stats	3
☐	✎	index.html	View	Dec 07 11:38pm	Stats	3

Check All - Clear All   🗀 = Subdirectory 🏠 = PageBuilder 🖼 = PageWizard

[New] [Edit] [Copy] [Rename] [Delete] checked files   [Upload Files]

🗀 **Subdirectories**
[New] (Create Subdirectories to organize your files)

You will see their default page which you will replace with your own index.html page. You can create it, then upload by using the "Upload Files" button you see on the right. After you click that button, you will see this:

File Manager

Easy Upload

Transfer files from your computer to your main directory with this simple tool.
First click on **Browse...** to select files, then click **Upload Files**.

Note: File names **cannot** contain spaces. The total upload can be up to 5MB.

[Browse...]
